Students of the School were successful in a number of prize competitions outside of the Institute during the year, notably that for the frontispiece of the University of California class book, won by Essie Pennington; a poster for the same publication, won by Elmer Hader; a poster for "California's Welcome to the Fleet," by Mildred G. Levy, was selected by the California Club. It may also be noted that in the official competition for posters for the Reception to the Fleet, both of the prize posters were won by former students of the School.
